

## Entering an Environment.

Be well-prepared and begin your communication from the outside, to enhance your social distancing and safety measures once inside.

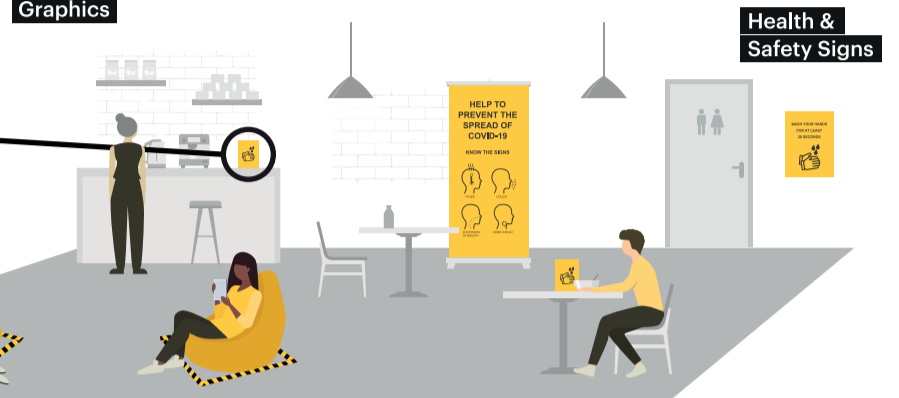

### Sanitiser Stations

Custom cardboard manufactured hand sanitiser stations for increased hygiene.

### Strut Cards

A clear, concise and creative means of communication.

## Communal Work Areas.

Maximise the safety of your communal work areas with disposable surface protection, sanitation areas and informative signs.

## Retail Environments.

Instil social distancing measures with clear communication materials that maintain heightened health and safety measures in the retail environment.

## Checkout Desks.

Increase your hygiene measures with screens and barriers that reduce the spread of bacteria and ensure that your staff and customers are safe.

### Floor Graphics

A simple yet effective way to communicate with your customer.

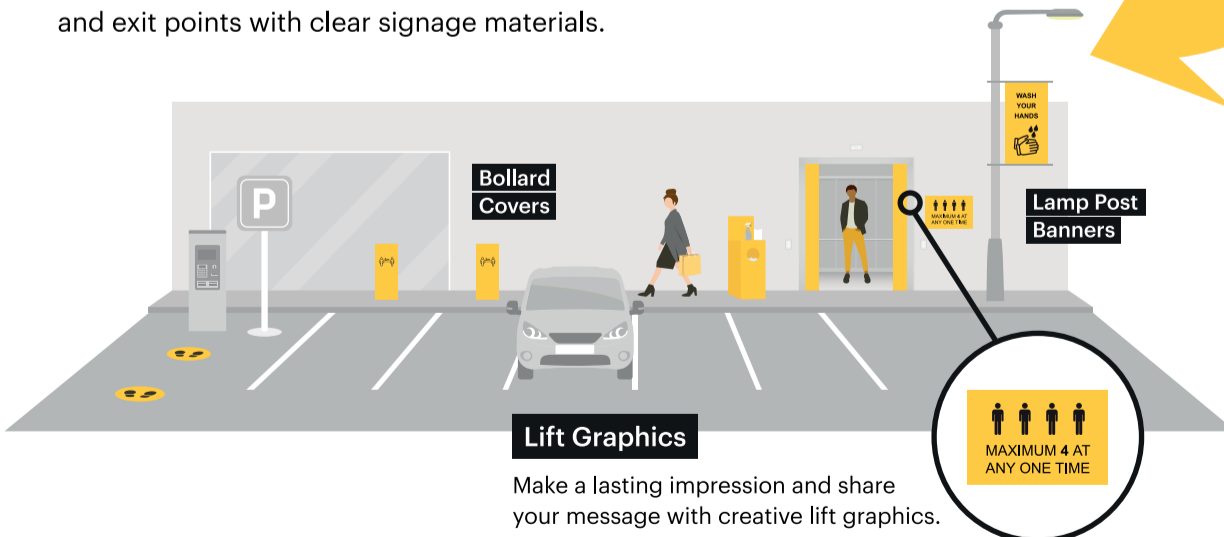

### Sneeze Screens

Polycarbonate sneeze screens greatly reduce the spread of bacteria and infection.

## Leaving an Environment.

Maintain social distancing at both entrance and exit points with clear signage materials.

### Lift Graphics

Make a lasting impression and share your message with creative lift graphics.
